

Availability:

Available anywhere within the service area of the Kissimmee Utility Authority. This rider will be closed to further subscription when solar resources have been subscribed or retired. In the event any previously subscribed energy becomes available due to the forfeiture by a prior subscriber, any such energy will be offered first to any customers remaining on the wait list, followed by an offering to the remainder of eligible customers.

Applicability:

This rider is applicable on a voluntary basis to customers receiving service under rate schedules RS, GS, GSD, and GSLD that meet the special provisions of this rider.

Character of Service:

Customers have the option of subscribing at 4 levels of monthly energy participation: 25%, 50%, 75%, and 100%.

Limitations:

Subject to all the rules and regulations of this tariff and the general policies and procedures of the Utility.

The subscribing customer's otherwise applicable rate schedule for electric service will apply to calculate the bill for the billing period, but shall be adjusted under this rider as follows:

[Solar Energy Surcharge] x [Consumption] x [% Subscription]

The Solar Energy Surcharge shall equal the difference between the monthly energy rate billed to Kissimmee Utility Authority by the Florida Municipal Power Agency All-Requirements Project and the actual monthly cost of the solar energy. Note: the surcharge could calculate to be negative.

Special Provisions:

1. Customers who have required payment arrangements are not eligible.
2. Participants must remain enrolled for at least one billing period and may cancel thereafter with 30 days notice. Customers will not be eligible to participate again for a period of one year and then only if available.
