

# Kissimmee Utility Authority Rebate Program

## Heat Pump Central A/C Replacement Rebate: (\$250)

System must be replaced with a high efficiency heat pump of 16 SEER / 12.5 EER / 8.5 HSPF or higher. All work must be done by either a KUA Participating Contractor or any (DBPR) Florida State licensed air-conditioning (HVAC) contractor. 50-kw or less commercial customers are eligible for rebate. *A copy of invoice documenting new system model efficiency, local permit and AHRI documentation are required.*

## Duct Leak Repair / Replacement Rebate: (50% of cost up to \$200 max)

Duct system must be repaired or replaced. This includes air handler, return, supply and all duct work. All work must be done by either a KUA Participating Contractor or any (DBPR) Florida State licensed air-conditioning (HVAC) contractor. *Itemized invoice must reflect the method and cost of repair.*

## Insulation Upgrade Rebate: (\$0.09 per square foot up to \$300 max)

Minimum insulation rating is R-30 in attic, R-13 in walls and R-15 under raised floors. 50-kw or less commercial customers are eligible for rebate. *Proof of purchase is required, documentation must show R value and square footage.*

## Electric Hybrid Heat Pump Water Heater Rebate: (25% of cost up to \$325)

Must meet Energy Star® program requirements and have an Energy Factor of 2.30 or higher to qualify for this rebate.

## Smart Thermostat Rebate: (50% of cost up to \$100)

Customer will purchase & install a Smart/Learning Thermostat. KUA is not responsible or liable for any issues stemming from manufacturer defects and/or improper installation of the Smart Thermostats. Thermostats should be returned to the manufacturer or seller and not to KUA. *Customer must submit a copy of the receipt/invoice and have an on-site post verification/inspection. It is the responsibility of the customer to follow all local, state, and EPA requirements.*

## Electric Vehicle Purchase Rebate: (\$100)

KUA customers who purchase an all-electric vehicle are eligible for this rebate. The vehicle must be registered to the customer's address. *One rebate per vehicle. Must have bill of sale or proof of purchase of electric vehicle.*

## Electric Vehicle Home Charger Installation Rebate: (\$100)

KUA customers who purchase and have a plug-in electric vehicle home charger installed are eligible for this rebate. The vehicle must be registered to the customer's address. *Limit one charger rebate per household. Charging station must be installed by a licensed electrical contractor. Charging station install must meet all state and local codes.*

## Commercial Lighting Retrofit Rebate: (\$150 per kW saved: \$5,000 max)

Commercial lighting upgrades, retrofits and replacements must prove 50% reduction or greater. Proof of purchase, receipts for equipment and installation are required. Complete and submit a KUA Commercial Lighting Application and provide a Lighting Measurement and Verification Wattage Analysis Sheet (M&V) for KUA review and approval prior to installation.

kuagreenteam@kua.com

### Additional Rules & Regulations

*Must be an existing KUA customer*

*Rebates are subject to change and contingent on fund availability. Random on-site verification of install may be performed.*

*All rebates will be issued in the form of a credit on the utility bill. Please allow 4 to 6 weeks for processing of all rebates.*

*All documentation is requested to be turned in within 60 days of purchase / installation.*

# KISSIMMEE UTILITY AUTHORITY

## Participating Contractors

KUA's participating contractors have met all KUA's rebate program requirements and are all qualified licensed contractors with the Florida Department of Business & Professional Regulation, ([www.myfloridalicense.com](http://www.myfloridalicense.com)) and are accredited active members of the Better Business Bureau ([www.centralflorida.bbb.org](http://www.centralflorida.bbb.org)) and are active members of the Chamber of Commerce ([www.kissimmeechamber.com](http://www.kissimmeechamber.com)).
