

**KISSIMMEE UTILITY AUTHORITY  
NEW OWNER APPLICATION FOR  
CUSTOMER OWNED-RENEWABLE GENERATION SYSTEM**

I, \_\_\_\_\_, have recently purchased the property located at \_\_\_\_\_ which has a customer owned-renewable generation system connected to the KUA electrical system as part of the Net Metering Program. To the best of my knowledge, the equipment is the same as originally submitted on the application for interconnection at this location.

I understand that in the interest of safety the system will need to be inspected by KUA personnel and that I will need to submit the Tri-Party Net Metering Power Purchase Agreement (PPA). Until the PPA is executed, I agree that I am a successor in interest to and bound by the Tri-Party Net Metering Power Purchase Agreement currently on file with KUA for my location.

I authorize KUA to access my property to inspect the system and to take any other action reasonably necessary with regard to the system. I agree to take any other steps KUA deems necessary to ensure a safe inspection of the system.

Please contact me as soon as possible at \_\_\_\_\_ to schedule the inspection.
