WITNESSETH:

That for and in consideration of the sum of \$10.00 DOLLARS and other valuable considerations, in hand paid to the Grantor by the Grantee, receipt whereof is hereby acknowledged, said Grantor does hereby grant to said Grantee, its successors and assigns a nonexclusive easement as described below, with the right, privilege and authority to said Grantee, its successors or assigns, to install, erect, construct, operate and maintain a line or lines for the transmission and/or distribution of electric energy, for the transmission of information via fiber optic lines and/or any other reasonable purposes of the Grantee for which said line or lines can be used without exceeding the boundaries of said easement thereover for any and all purposes for which electric energy is now or may hereafter be used, and for any and all other purposes of the grantee consistent with this easement with all necessary wires, cables, fixtures, and appliances, including guy wires, stubs, anchors and brace poles, cable television and telephone wire connections (the aforementioned hereinafter being referred to as "Facilities"), through, over and upon the lands of the Grantor in Osceola County, Florida, described as:

together with the right of the Grantee, its successors and assigns, to cut and remove from said easement as above described, any trees, overhanging branches, or other obstructions which may endanger the safety or interfere with the operation and maintenance of said transmission and/or distribution and/or fiber optic lines and such fixtures and appliances, anchors and other appurtenances thereto, or any structure on said easement; together with the privilege and right of ingress, egress and regress in and over the above described easement area at any and all times for the purpose of patrolling the said transmission line, or repairing, building, renewing or adding other fixtures and equipment to said line, and the doing of anything reasonably necessary, useful or convenience for the full enjoyment of the easement herein granted.

Said Facilities shall be located in the following described "Easement Area:"

A ten (10) foot wide Easement Area defined as lying five (5) feet on each side of the centerline of Grantee's Facilities as designed and installed at mutually agreed upon locations and whose locations are generally depicted on the attached Sketch labeled as Exhibit A.

Grantee will be responsible for, and will indemnify, save harmless and defend Grantor against and from all claims and suits for, and all liability loss or expense ensuing from, or incidental to or in connection with, damage to, or loss of any property of Grantor, Grantee, the agents, servants, licensees contractors, invitees or employees of either or any Person and indemnify against and from all claims and suits for, all liability, loss or expense arising out of, or incidental to or in connection with injury to or death of persons, including agents, servants, contractors, licensees, invitees, or employees of Grantor or Grantee, or any other person, if damage, loss, injury or death arise in any manner, directly or indirectly, out of, or incidental to, or in connection with the granting of this Easement, except when such losses and damages are due to the negligence of Grantor, his successors, assigns, lessees, licensees and agents, or third parties.

Nothing contained in this Easement Agreement shall either constitute or be construed as a waiver by Grantee or Grantor of the sovereign immunity it enjoys under Florida Statutes, Section 768.28, and the accompanying limitations of liability applicable to Grantee or Grantor thereunder.

If this Easement terminates for any reason, Grantee will restore the land to its former condition upon the option Grantor including, leveling and filling earth, and removing any improvements placed on the Easement area.
